***THIS !!!***

***NOT THIS!!***

Hello Chapter S members,

I know that you will all agree that the above is very TRUE! I don't think Mother Nature knows that it is spring and we want to get our bike/trikes out to ride!!

We are fast approaching our big fundraiser for this year. We still need some help to watch the tables at the garage sale. If anyone of you could please help, we would greatly appreciate it.

This is what our schedule is:

Saturday, April 28:

9-11 am David & Mary Paxton, Tim & Sue Hamilton

11- 1pm Ike & Brenda Eisenhower, \_\_\_\_\_

3-5pm: Bill & Caroline Slane, \_\_\_\_\_

Sunday April 29:

9-11 am Sandi & John Best, Ruth Moyer & Joe Fritz

11-1pm: \_\_\_\_\_, \_\_\_\_\_

3-5pm: Don & Pat Price, Ike & Brenda Eisenhower, David & Mary Paxton.

The last shift is also the cleanup crew!!! We would like to have at least 2 couples at the booth for every shift! If you can help, contact us at 419-435-1437, if nobody answers, leave a message.

Please plan on bringing your donated items to the Fairgrounds on Friday after 11 am, we will be there setting up tables.

Please do not bring clothing for sale! We thank you for your donations.

At our next gathering, we will be honoring our veterans and have a memorial service for our passed members.

Remember that if you would like to bring friends, we would love to have them join us. GWRRRA is always open to all bikers that want to have fun, food, fellowship!

Our rides for May, 3 – Retirees Breakfast, 8 – Mellow Crème in Millbury, 13- **HAPPY MOTHER'S DAY**, 19-Auburn Cord Duesenberg Auto Museum, Auburn IN ( cost per person \$12.50), we will meet at the Fostoria Plaza on N SR 23 at 8 am. Fuel your bike and belly before we meet!! The 20<sup>th</sup> is the Blessing of the bikes. We will meet at the Cracker Barrel in Findlay at 7 am. We will have breakfast and then we will stop at Young's Dairy on the way home. The Blessing of the Bikes is in Zenia, OH (all rides depend on the weather) 21<sup>st</sup> is our Gathering, 22<sup>nd</sup> Dairy Queen, Wooster St in BG. We have a lot going on this month.

Your Chapter S Directors,  
Mary & David Paxton

## *From your Ride Educator*

### Late Start To Riding Season

I think by now everyone could use a good ride. This has been a long cold winter even if we didn't get much snow. Tons of salt and brine on the roads.

Anyway I hate to keep repeating myself but the road hazards seem to keep piling up instead of getting better. The pot holes on the roads get worse every year and as I have said before the lane markings on the roads are much more slippery than they have ever been. When it is raining and the roads are wet the turn arrows and other wide markings are so slippery that even with good tires and front wheel drive if you try to take off a little hard to get out in traffic the tires loose traction and spin then get traction and that is soo hard on the transmission and drive line. In a car it is just an annoyance but on a two wheel motorcycle it is enough to make you go down. Not only that but with the fact that everyone always being in a hurry if the person behind you is following too close or not paying attention they will run into or over you. I do not know why the Department Of Transportation does not address this and put something in the paint to make it more abrasive. I guess they don't have enough motorcyclists in management. If they did maybe they would do something about this and the slippery tar snakes?

### Northwest Section Meeting Times and Places

Chapter A Findlay  
Chapter N Lima

1st Sat. 9 AM breakfast/10 Mtg  
4th Tues. 6 PM dinner/7 Mtg
